Research Update:

Asia Polymer Corp. Ratings Affirmed At 'twA/twA-1'; Outlook Stable

November 20, 2023

Rating Action Overview

Taiwan Ratings Corp. today affirmed its 'twA' long-term and 'twA-1' short-term issuer credit ratings on Asia Polymer Corp. The outlook on the long-term rating is stable to reflect the stable outlook on the ratings on Asia Polymer’s parent, USI Corp. We continue to assess Asia Polymer as a core member of the USI group, based on our view that Asia Polymer’s ethylene-vinyl acetate (EVA) and polyethylene (PE) businesses are fully integrated with USI’s operations and are critical to the group’s core EVA and PE business.

Asia Polymer's small operating scale and limited product differentiation constrain its stand-alone credit profile. The integration of the company's operations with USI’s EVA and PE businesses enhances Asia Polymer’s market position and partly offsets this weakness. The company's sustained low debt leverage also supports its stand-alone credit profile, in our view. The ratio of debt to EBITDA could remain well below 1x in 2023-2024 through positive discretionary cash flow, despite weakening profitability over the same period.
