Research Update

Far Eastern New Century Corp. And Yuan Ding Investment Corp. Ratings Affirmed At 'twA/twA-1'; Outlook Stable

August 15, 2023

Rating Action Rationale

Taiwan Ratings Corp. today affirmed its 'twA' long-term and 'twA-1' short-term issuer credit ratings on **Far Eastern New Century Corp.** (FENC) and its investment holding company, **Yuan Ding Investment Corp.** The outlook on the long-term ratings is stable.

The ratings on FENC and Yuan Ding reflect our view that FENC's telecom business, **Far EasTone Telecommunications Co. Ltd.,** will maintain its good market position over the next two-to-three years. The ratings also reflect our view that Far EasTone's improving margin amid rising 5G adoption in Taiwan, an increasing contribution from FENC's more profitable recycled-polyethylene terephthalate plastics business, and further developments of the group's low-cost land bank will sustain FENC's strong operating cash flow over the next two years. The still-high volatility of FENC's petrochemical and polyester business, and the company's high debt continue to temper the ratings.

Our assessment of Yuan Ding's core status within the FENC group reflects our view that Yuan Ding is the key holding and financing vehicle for the group. The investment holding company holds an investment stake in over 20 entities including Far EasTone--the most important profit generator of the group--as well as several chemical businesses that are integral to the group's operations. We also believe Yuan Ding's main operation is fully integrated into the group and the company operates as a division within the group.
